EDUCATION

Maharakham University <i>Bachelor of Business Administration in Digital Business and Information Systems</i> • GPAX: 3.75	Maha Sarakham, Thailand <i>June 2023 – Present</i>
---	---

EXPERIENCE

Head of Public Relations <i>Student Council, Maharakham Business School (MBS)</i> - Led a public relations team to manage official social media channels, increasing student engagement and community outreach. - Designed and produced promotional materials, including posters, videos, and digital content for university-wide events. - Coordinated with multiple departments within the student council to streamline communication and ensure effective information delivery.	June 2025 – March 2026 <i>Maha Sarakham, TH</i>
Telesales Representative <i>AGLAM (THAILAND) CO., LTD.</i> Engaged with customers through outbound calls to present products and achieve daily sales targets while maintaining accurate database records for future strategies.	Apr. 2025 – June 2025 <i>Pathum Thani, TH</i>
Barista and Service Staff (Part-time) <i>Move on Coffee House</i> Delivered high-quality customer service by preparing beverages, managing order transactions, and handling cash registers accurately.	Apr. 2024 – June 2024 <i>Pathum Thani, Thailand</i>

PROJECTS

Cosmetics E-Commerce <i>HTML, CSS, JavaScript, PHP, MySQL, Bootstrap</i> - Developed a responsive full-stack e-commerce web application featuring comprehensive shopping cart functionalities. - Designed and implemented a relational database schema using MySQL for basic data management, including product catalogs and user orders. - Utilized Bootstrap 5 to build a modern, clean, and user-friendly user interface optimizing the shopping experience.	August 2025 – October 2025
Suicide Risk Assessment <i>Altair AI Studio (RapidMiner)</i> - Built a data mining and predictive analytics workflow utilizing Altair AI Studio to forecast and assess suicide risks. - Performed comprehensive data preprocessing, feature engineering, and model training to enhance prediction accuracy. - Analyzed complex datasets to identify key risk indicators, translating raw data into actionable insights for risk management.	August 2025 – October 2025
ICU Length of Stay Forecasting <i>R, RStudio</i> - Developed a predictive modeling framework in RStudio to analyze and forecast the Length of Stay (LOS) for patients in the Intensive Care Unit (ICU). - Applied advanced statistical modeling and machine learning algorithms in R to extract patterns from clinical healthcare datasets. - Visualized data insights and model evaluation metrics to support data-driven decision-making in hospital resource optimization.	August 2025 – October 2025

TECHNICAL SKILLS

Languages: Java, Python, SQL (MySQL), PHP, JavaScript, HTML/CSS, R
Frameworks: Bootstrap
Developer Tools: Git, GitHub, vercel, VS Code, Altair AI Studio, RStudio
